Re: Thesis/Project Defense held during March 11-14, 2020

- A. Thesis/Project groups who have successfully defended their work during **March 11-14, 2020** should submit the following to the respective supervisor for his/her final approval. List is attached.
1. A Graphical Abstract (complete schematic diagram) of the work
 2. All the codes related to the work
 3. A readme file or a manual with detail instructions for running/deploying the work and/or doing the experiments
 4. All the Software and/or tools used throughout the work (for large files downloadable links may suffice)
 5. All the Dataset(s)/Database(s) used in the work (for large files downloadable links may suffice)
 6. All the research articles, technical datasheets etc. consulted or mentioned in reference or in bibliography
 7. The Thesis/Project report
 8. Thesis/Project Defense presentation slides
 9. A publishable article detailing the work done (4-6 pages in IEEE format, for both thesis and project).
- B. Soft copy of the items (1-9) should be submitted to the respective supervisors. A printed copy of the report may also be submitted to the supervisor for checking. Recommendations and modifications given during Defense should be complied. Instructions given by the supervisor should be followed. Regarding updates and modifications, instructions and decisions of the supervisor should be treated as final.
- C. **Similarity percentage of a report must be within 30%. Similarity with a single source should be limited to at most 5%.** If the similarity percentage of the submitted softcopy report is not within acceptable limit then the report must be revised. **A similarity report from Turnitin or iThenticate or any similar software should be submitted along with the revised report.** Similarity report should be verified and approved by the respective supervisor.
- D. Due to current pandemic situation, students may not be able to submit the hardcopy report of their Thesis/Project. A PDF copy should be prepared instead for now. **While preparing a PDF copy, the scanned copy of the signed Approval Page should be affixed in its appropriate position.** PDF copy along with the similarity report should be submitted to the respective supervisor by **June 30, 2020**. Hardcopy report should be submitted in the office afterwards when there is a scope. Details are in the next section.
- E. A Thesis/Project group should prepare N+3 printed copies of the report book and a CD containing the mentioned items (N is the number of students in the group). Signed approval page should be affixed into the report. Two (2) copies of the Thesis/Project report, one (1) copy of the CD and the similarity report signed by the supervisor should be submitted to Mr. Mohammed Nezam Uddin, Senior Lab Technician in PLAB2, (female students in female CSE office) after getting necessary approval from the supervisor. One (1) copy of the report should be submitted to the supervisor.
